- Transportation

COMPREHENSIVE ENERGY & UTILITY SOLUTIONS

Providing End-to-End Expertise

Ardmore Roderick delivers comprehensive utility services across electric, gas, and water systems, specializing in project and construction management as well as gas and electric distribution design. We bring proven expertise in managing capital projects, including solar programs, vegetation management, and construction contracts for electric and gas utilities. Our integrated program and project management approach combines deep technical knowledge with a strong understanding of city and utility infrastructure to deliver reliable, cost-effective solutions.

- **Multi-disciplinary expertise:** Engineering + Construction Management + Program Management
- **Design & Engineering:** Solutions tailored to each client's needs
- **Program & Construction Management:** Ensuring projects stay on time and within budget
- **Utility & Subsurface Infrastructure:** Preventing costly delays & helping manage risk
- **Ranked #21 on ENR's Top Program Management Firms (2024)**
- **Proven track record with top agencies**
