COMPREHENSIVE RAIL & TRANSIT SOLUTIONS

Providing End-to-End Expertise

Ardmore Roderick supports transformative rail and transit projects through pre-construction, construction, and program management services. We partner with agencies to enhance connections to jobs, education, and commerce. Our experienced team delivers reliable program and construction management solutions that strengthen communities and improve mobility across rail and transit systems.

- **Multi-disciplinary expertise:** Engineering + Construction + Program Management = Seamless Execution
- **Design & Engineering:** Solutions tailored to each client's needs
- **Program & Construction Management:** Ensuring projects stay on time on budget, and with Quality
- **Utility & Subsurface Infrastructure:** Preventing costly delays & helping manage risk
- **Ranked #21 on ENR's Top Program Management Firms (2024)**
- **Proven track record with top agencies**

- A safety-first mindset that fosters trust, inclusivity, and open communication on every project
- Proven expertise delivering impactful, community-focused planning, design, and construction solutions for over 20 years
- Local presence with national reach, offering responsive service and the ability to scale quickly through a trusted network of partners

DAVID PARKER

Associate Vice President, Rail & Transit

"I've been workin' on the railroad...as a third-generation rail-industry professional, I carry forward the legacy of my father and grandfather, who owned a business dedicated to rebuilding steam engines and freight cars."

Let's build the future together. Whether you're looking for a trusted partner for your next project or a place to grow your career, discover how Ardmore Roderick can support your journey.
